Oven baked St. Louis ribs

Instructions

- 1. Combine all ingredients for the marinade in a small bowl. Rub both sides of the ribs with it. Let ribs absorb the spices for at least 15 minutes.
- 2. Preheat oven to 350F. Place rack in the middle.
- 3. Wrap ribs in aluminum foil. Place ribs on a baking sheet and bake for 2 hours, or a little less, until tender.
- 4. Remove ribs from foil and generously brush with barbecue sauce. Return to the oven and bake for 20-25 more minutes, until sauce has warmed up and turned darker.
- 5. Cut into individual ribs. Enjoy!
